Flexline® Carts and Drawers

Flexible options. Designed around you.

Flexline is designed with interchangeable components and accessories that can be combined in different configurations to conform to various applications.

- **Infection Control:** Flexline helps improve Infection Control with a cleaner design that includes corrosion proof polymer materials, smooth rounded corners to allow for easy cleaning and *Microban® Antimicrobial Product Protection that keeps the cart cleaner between cleanings.
- **Easy Mobility:** Lightweight polymer construction, integrated cart handles and 5" (127 mm) polyurethane casters, 2 directional and 2 total lock, provide for smooth transport and nimble maneuvering.
- **Active Security:** Security can range from simple key locks to advanced touchpads with an LCD display and up to 6,000 users. Basic and Advanced LCD touchpads can be upgraded with Proximity Card readers, and both types offer auto-locking and audit trail capability.
- **Passive Security:** Drawers can be individually sealed with serialized plastic security seals or simply place a seal on the cart latch and seal all drawers with one seal.
- **Added Security:** Additional secure storage may be had by specifying locking side bins. When ordered, these bins will be secured by the carts locking mechanism, either on the key lock side or passive lock side of the cart.
- **Field Upgradeable:** Drawers and many accessories may be added or reconfigured at the facility. Choose your drawers and accessories for today's application needs and change them to meet tomorrow's.
- **Organization and Identification:** Self-closing, full access drawers in a variety of heights, drawer dividers and labels, side storage accessories and an overbridge system are available to allow for easy access and identification of cart contents.
- **Spacious Worksurface** provides a smooth writing surface or ample space for prep work. For additional work space an optional pass through side shelf is available as an added bonus.
- **Identifiable:** Clean, contemporary design looks great in any professional environment. Ten drawer pull colors are available for easy identification of the cart or drawer purpose.
- **Configurations That Fit Your Budget:** Flexline is available in four heights and two widths and can be configured with or without a range of accessories, your choice!

FLXCOM-LT

FLXPRCO2

Metro incorporates several elements in its product design to support a facility's infection control processes:

- Microban® antimicrobial protection helps keep products "cleaner between cleanings"
- Polymer and other proprietary finishes provide corrosion resistance
- Smooth rounded corners to allow for easier cleaning

Look for the "red check" symbol for this added protection

MICROBAN® and the MICROBAN® symbol are registered trademarks of the Microban® Products Company, Huntersville, NC. Product must be routinely cleaned. Microban® antimicrobial product protection helps keep surfaces "cleaner between cleanings" by inhibiting the growth of bacteria, mold and mildew that cause odors and stains on the shelf surface.

All Metro Catalog Sheets are available on our website: www.metro.com

Medical Integrated Technology

Many applications in healthcare today are utilizing a form of technology. Applications that are integrating technology into their process need a cart that can accommodate those components. The needs can range from a simple hospital grade strip and articulating laptop arm, to a fully integrated solution with onboard power and a full complement of technology accessories.

Features Include:

- Articulating arm options to hold laptops, tablets, LCD monitors, and all-in-one computers
- Overbridge computer monitor mounting options
- Retractable keyboard tray
- Available with narcotic drawer option
- Premium power supply supporting all-in-one computers
- Internal/external wire management protects cords from snags and damage
- Automatic electronic locking system

Flexline® Carts and Drawers

Specifications

- Cart Body:** Blow molded high density polyethylene (HDPE) body panels and top with Microban antimicrobial product protection. Top has integrated push handle. Side panels provide integrated accessory strips to allow no tool assembly of most accessories. Bins are available as locking or non-locking.
- Cart Frame:** Epoxy coated 14 gauge, cold rolled steel
- Locking Mechanism:** 12 gauge stainless steel bar with polycarbonate drawer mounted lock tabs. Passive security provided for drawers and left side bins (optional) with plastic security seal. Key lock mechanism provided for drawers and right side bins (optional). Electronic touchpads are optional for key lock carts.
- Casters:** Four 5" (127 mm) diameter stem casters with polyurethane tread and polymer horn: 2 Swivel lock — Rear, 2 total lock (brake and swivel lock) — Front.
- Wheel Base:** Built-in extended base frame provides cart stability to adequately support articulating arms and overbridge accessories.
- Drawers:** ABS injection molded drawer body, blow molded HDPE with Microban antimicrobial drawer front, ABS and Microban antimicrobial injection molded colored drawer pull and full extension, self-closing, ball bearing drawer slides.

Inside Dimension: 16 3/4" x 20" (425 x 508 mm)

	Weight Capacity	Inside Height
3" (76 mm)	= 15 lbs. (6.75 kg)	2.75" (70 mm)
6" (152 mm)	= 25 lbs. (11.25 kg)	5.75" (146 mm)
9" (228 mm)	= 45 lbs. (20.25 kg)	8.75" (222 mm)
12" (305 mm)	= 45 lbs. (20.25 kg)	11.75" (298 mm)

- Pullout shelf:** 1.75" (44mm) high epoxy coated 16 gauge cold rolled steel, with full extension, self-closing, ball bearing drawer slides. Weight Capacity: 45 lbs. (20.25kg)

Standard Cart Dimensions (D x L x H):

22 3/8" x 32 1/4" x 45 1/4"	(568 x 819 x 1149 mm)
22 3/8" x 32 1/4" x 41 7/8"	(568 x 819 x 1064 mm)
22 3/8" x 32 1/4" x 38 1/2"	(568 x 819 x 978 mm)
22 3/8" x 32 1/4" x 35 1/8"	(568 x 819 x 892 mm)

Narrow Cart Dimensions (D x L x H):

22 3/8" x 28 7/8" x 45 1/4"	(568 x 733 x 1149 mm)
22 3/8" x 28 7/8" x 41 7/8"	(568 x 733 x 1064 mm)
