

We put space to work.

## MetroBasix Plus™

All the basics, plus lighter, cleaner and easier.

MetroBasix Plus is constructed from a combination of materials to endure the rigors of a daily routine while providing a safe, ergonomic and flexible work area for the user. The cabinet is made of steel to provide a solid structure. The drawers are made from aluminum to reduce the overall weight of the cart. The polymer base reduces overall weight and provides impact protection to the cart and surrounding environment.

- **Lighter** — MetroBasix Plus carts are made lighter than typical all-steel carts by utilizing aluminum drawers and polymer components such as the polymer base, cart top and corner extrusions.
- **Cleaner** — Polymer corner extrusions provide accessory attachment channels that are accessible for cleaning. The cart's steel shell is not compromised by pre-drilled holes.
- **Easier** — Lighter weight carts are easier to push, and reduce back strain. Accessible accessory channels are easier to clean. Accessory attachment panel provides flexibility for easier accessory positioning.
- **Safe** — The base allows the casters to be mounted outboard of the cabinet providing an anti-tip mechanism. The polymer base doubles as the cart's bumper.
- **Ergonomic** — Push handles are molded into to the polymer cart top providing a natural position to either push or pull the cart. Cart top has a contoured front lip to provide a comfortable work space.
- **Flexible** — User defined configurations can be accommodated by filling an empty cart shell with desired drawer heights. Choose from 3", 6", 9" and 12" (76, 152, 229, 305 mm) drawer heights.
- **Accessible** — Full-extension drawers and a full array of accessories put equipment and supplies where needed for convenient access.

## MetroBasix Plus™

### MetroBasix™ Plus Specifications:

Cart Body:	Double wall construction Inner wall: 22 gauge (.030"/.8mm) steel Outer wall: 20 gauge (.036"/.9mm) steel Finish: Powder coated
Base:	Blow-molded, high-density polyethylene Steel reinforced caster channels Caster mounts located outside of cart body footprint to provide counterbalance to full-extension drawers
Corner Extrusions:	3 channel PVC .125 (3mm) wall thickness
Work Surface:	.125" (3mm) ABS, 19 <sup>1</sup> / <sub>2</sub> " x 27 <sup>1</sup> / <sub>4</sub> " (495 x 692mm) Molded in handgrips Raised on three sides 1 <sup>5</sup> / <sub>8</sub> " (41mm) Front lip 1 <sup>1</sup> / <sub>2</sub> " (13mm) H Usable work space: 16" x 23" (406 x 584mm) Molded in pencil holder, pill/paper clip holders
Casters:	5" (127mm) diameter with polyurethane tread 2 swivel-brake, 2 swivel-lock (converts from swivel to rigid) 200 lbs. (90kg) per caster, 600lbs. (270kg) per cart
Drawers:	50 lbs. (23kg) load rating per drawer
	Body: .032" (.8mm) coated aluminum Finish: Powder coated
	Fronts: .032" (.8mm) coated aluminum Finish: Powder coated
	Pull: Polymer
	Slides: Zinc-Plated Steel Load Rating: 100 Lbs.(45kg)/set
Lock:	Bright Nickel Type 3 G Cam, 7 <sup>7</sup> / <sub>8</sub> " (22mm) Cylinder 2 Keys, Coded on lock and keys
